WARM HUGS FROM BUCK

Once a year, we deliver much-needed items to cancer patients in the Greater Philadelphia area. From warm socks, to water bottles to highlight the benefits of hydration, warm blankets that one cancer patient said was like a warm hug from an organization who cares and in 2020, COVID-19 Care Packages including masks, hand sanitizer and anti-bacterial wipes – all in a contactless delivery. Our Warm Hugs from BUCK program touches the cancer community by providing much-needed goods and information on integrative therapies. To find out more, please check out our website at www.buckcancerfoundation.org/programs.

ABOUT MY BROTHER

Buck Nonnemaker

BROTHER

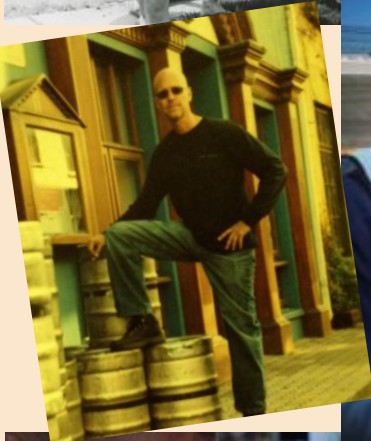

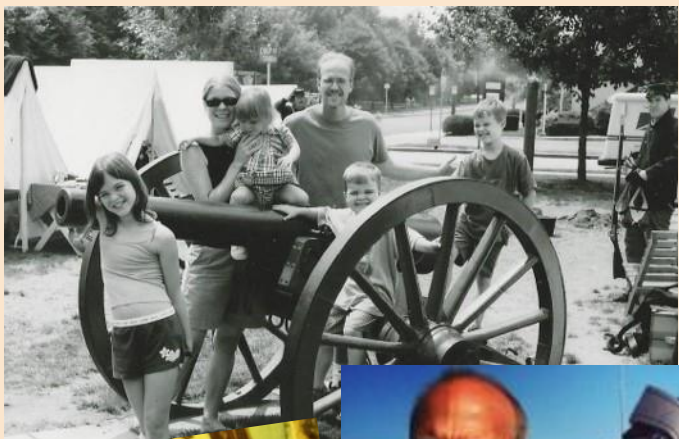

FRIEND

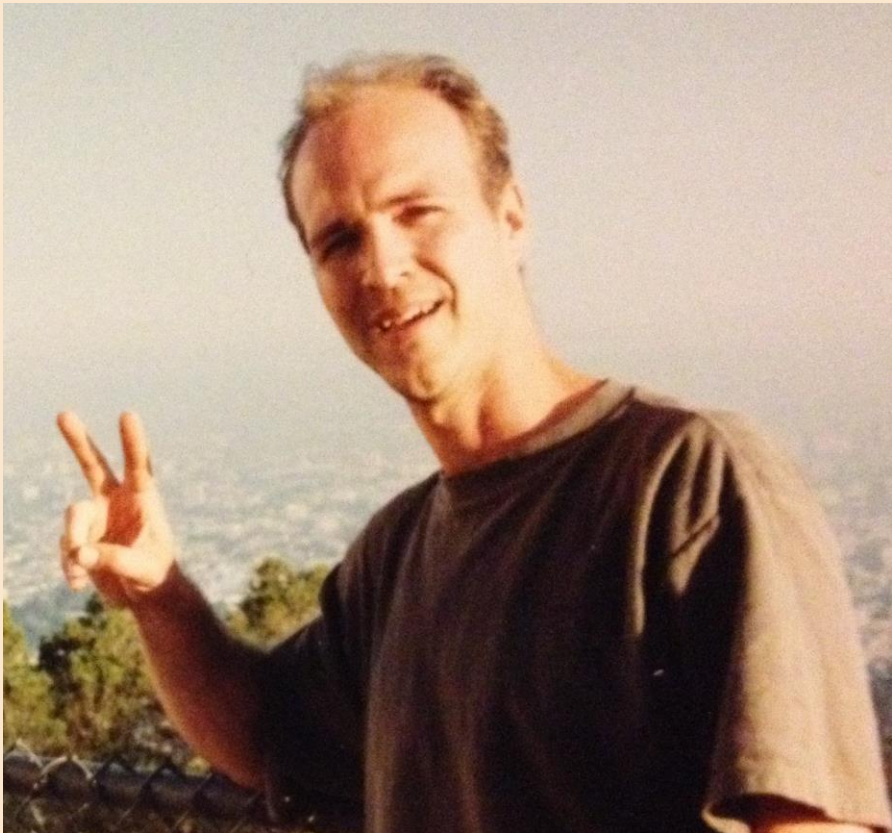

FATHER

VIDEOGRAPHER

CANCER PATIENT

<http://www.buckcancerfoundation.org/story.php>

MY BROTHER BUCK

I can't believe it has been 6 ½ years since my brother passed away. He was a caring, thoughtful friend, who had a tremendous ability to listen. He had an incredible sense of humor, which he maintained through most of his Journey with Cancer. He was a devoted father and husband and best friend to his little sister – me. Buck worked at QVC for 24 years and was the Director of Videography. He loved his job and the people he worked with, many of them are involved in the BUCK Cancer Foundation today. He was a devout Christian and his faith helped him deal with the diagnosis of cancer. He is missed everyday by everyone who knew and loved him. A little bit Buck lives in each us and there are many times, I ask myself “what would Buck do?”. Listen, care and laugh. That is my brother, Buck!

MEDICAL RESEARCH GRANTS

I am very proud of the strong working relationships we have developed with Penn Medicine, Jefferson Health, MD Anderson and George Washington University and their Center for Integrative Medicine over the last 6 years. Our medical research grants are focused on integrative therapies so how a natural or holistic therapy works with the conventional cancer care. We have funded research studies into Yoga, Acupuncture, Tai Chi and most recently, a Mercury Toxicity study down at GWU's Center for Integrative Medicine to determine if the level of mercury in your body impacts the effectiveness of your conventional cancer care. We are very proud of the connections we have made and the studies that we are funding. We really feel that we are Bridging & Uniting Cancer Knowledge! We hope you do too.

TUITION-ASSISTANCE GRANTS

Donations are being graciously accepted at our website: www.buckcancerfoundation.org and click on "GIVE A BUCK NOW"
Paypal: info@buckcancerfoundation.org

PAY A BUCK FORWARD

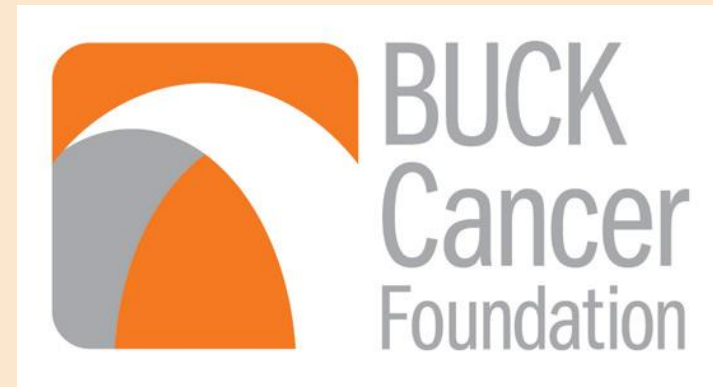

Our last program – Pay A BUCK Forward tuition-assistance grants is an innovative payback grant program, where students pursuing a degree in integrative medicine or an integrative therapy, receive money with the expectation that they will pay it back (or forward) to another student once they have graduated and are fully employed. Students get money when they need it, and pay it forward to another student when they can afford it. Students funding Students!
